

PRES. POINCARE AND CABINET LEAVE FOR BORDEAUX

TO REMOVE CAPITAL TO BORDEAUX

French Decide to Leave Paris.

GOVERNMENT ISSUES LONG PROCLAMATION

Says Action Is Taken to Insure National Safety.

Paris, Sept. 3.—A proclamation has just been issued by the government announcing that the government departments will be transferred temporarily to Bordeaux.

The proclamation was issued by the minister of the interior, who said the decision had been taken solely upon the demand of the military authorities because the fortified places of Paris, while not necessarily likely to be attacked, would become the pivot of the field operations of the two armies.

The building of supplementary defense works is proceeding vigorously. Several of the gates of Paris have been closed to traffic.

Bordeaux is 358 miles southwest of Paris.

The proclamation follows:

"Frenchmen: For several weeks our heroic troops have been engaged in fierce combats with the enemy. The courage of our soldiers has won for them a number of marked advantages. But in the north the pressure of the German forces has constrained us to retire. This situation imposes on the president of the republic and the government a painful decision.

Army Will Defend Paris.

"To watch over the national safety the public authorities are obliged to leave for the moment the city of Paris. Under the command of its eminent chief, the French army, full of courage and spirit, will defend the capital and its patriotic population against the invader. But the war must be pursued at the same time in the rest of the French territory.

"The struggle for the honor of the nation and the reparation of violated rights will continue without peace or truce and without a stop or a failure. None of our armies has been broken.

"If some of them have suffered only too evident losses the gaps in the ranks have been filled up from the waiting reserve forces, while the calling out of a new class of reserves brings us new resources in men and energy.

"Endure and fight! Such should be the motto of the allied army, English, Russian, Belgian and French.

"Endure and fight! While on the sea our allies aid us to cut the enemy's communications with the world.

"Endure and fight! While the Russians continue to carry a decisive blow to the heart of the German empire.

"It is for the government of this republic to direct this resistance to the very end and to give to this formidable struggle all its vigor and efficiency. It is indispensable that the government retain the mastery of its own actions.

Transfers Seat Temporarily.

"On the demand of the military authorities the government therefore transfers its seat momentarily to a point of the territory whence it may remain in constant relations with the rest of the country.

"It invites the members of parliament not to remain distant from the government in order to form, in the face of the enemy, with the government and their colleagues a group of national unity.

"The government does not leave Paris without having assured a defense of the city and its entrenched camp by all means in its power. It knows it has not the need to recommend to the admirable Parisian population a calm resolution and sang froid for it shows every day it is equal to its greatest duties.

"Frenchmen, let us all be worthy of these tragic circumstances. We shall gain a final victory and we shall gain it by untiring will, endurance and tenacity. A nation that will not perish and which, to live, retreats before neither suffering nor sacrifice, is sure to vanquish."

First Canadian Killed.

Winnipeg, Sept. 3.—The first Canadian reported killed in action in Belgium is Captain Bertram Denison, nephew of Police Magistrate Denison of Toronto and son of Admiral John Denison of Toronto.

CLAUDE GRAHAME-WHITE

Noted Aviator Will See Service in British Navy.

Photo by American Press Association.

London, Sept. 3.—Claude Grahame-White, the noted aviator, has been appointed a temporary flight commander in the British navy. Richard T. Gates, who recently resigned from the Royal Aero club, has been appointed a temporary flight lieutenant.

LATEST DEVELOPMENTS IN EUROPE.

Regarding the progress of the battle which the Germans are waging on French and Belgian soil, both French and British governments are keeping silence. The movements of the troops are reported meagerly, and it has been impossible through these reports to form any adequate idea of how the tide of battle is flowing.

Direct advices from the Russian capital give the official report of a battle lasting seven days between the Russians and Austrians around Lemberg, capital of Galicia, in which the Russians were successful, forcing the Austrians to retreat and seizing heavily fortified positions.

The Russians captured 150 guns and the Austrians are said to have suffered enormous losses. In this battle three full Austrian army corps and parts of two others were engaged.

Russia admits a serious defeat in East Prussia at the hands of the Germans. In this battle two Russian army corps were cut up and three generals and a number of staff officers were killed.

BATTLE IN THE AIR OCCURS OVER PARIS

Two French Machines Engage Three German Flyers.

Paris, Sept. 3.—A fight in the air took place over Paris. Three German aeroplanes hovered over the capital and immediately two French machines were sent up to engage them.

Meanwhile rifles and machine guns mounted on public buildings kept up a constant fire. By this one of the German machines became separated from the others and the French aviators flew swiftly in its direction. The Germans opened fire, to which the Frenchmen replied vigorously.

The engagement seemed to turn to the disadvantage of the German, who mounted speedily to a higher level, and, holding this position, was saved from further attack. He finally disappeared in a northwest direction over Fort Romanville, after a vain pursuit.

The other German aeroplanes also escaped the fire of the guns and, after circling about for a considerable time, disappeared from view.

RUMOR IS NOT CONFIRMED

British Cruisers Said to Have Taken the Kronprinz Wilhelm.

New York, Sept. 3.—Reports were current here that British cruisers had succeeded in capturing the Kronprinz Wilhelm, the German liner which has been roaming the seas since her sudden departure from this port a day or so before war was declared between Germany and England.

Sir Courtenay Bennett, the British consul general here, had heard the rumor and made inquiries, but said he had been unable to confirm it from any source.

BRITISH RELIEF FUND

PASSES \$10,000,000.

London, Sept. 3.—The Prince of Wales relief fund has passed the \$10,000,000 mark.

Special to Dispatch:

Paris, September 3, (11:30 A. M.)—President Poincare and cabinet have left for Bordeaux, the new seat of the French government. The diplomatic corps, excepting the embassy of the United States, accompanied the government to Bordeaux.

TRAGIC BATTLE IN THE SKIES

Special to The Dispatch:

London, Sept. 3, (11:30 A. M.)—A dispatch from Paris declares that one of three German aeroplanes which recently dropped bombs on the city of Paris has been brought down. Two German aviators on board were killed.

HEAVY FIRING ON THE FRENCH FRONT

Special to Dispatch:

Paris, Sept. 3, 12:55 P. M.—The heaviest fighting in the French front today is that in which the French left and the German right are still engaged. The Germans are throwing their greatest weight on the Allied line extending from just south of Montdidier to Roye and Noyon. The German cavalry has swept south to the neighborhood of Compienne and Soissons and has been engaged for forty-eight hours with the united French and British cavalry divisions.

RAILWAY TRAFFIC IS INTERRUPTED

Special to The Dispatch:

Geneva, Switzerland, Sept. 3, (11:43 A. M.)—Both American and British ministers at Berne issued notes warning citizens and subjects of their respective countries that the French railways were unable to guarantee communication with Paris today.

CONSIDER GERMAN ADVANCE AMAZING

Special to The Dispatch:

London, Sept. 3, (11:43 A. M.)—A Daily News dispatch from Rouen, France, says: "The German advance is amazing. A great battle is raging. The French and British armies are in tact and still confident of ultimate success."

LOSE 100,000 MEN AND 57 CANNON

Special to The Dispatch:

Rome, Sept. 3, 2:50 P. M.—The Russian embassy has been notified that the Austrians were overwhelmingly defeated in battle near Lemberg, losing more than 100,000 men and 57 cannon.

MILITIA OCCUPIES BUTTE

State Troops Take Charge of Affairs in Mining City.

Butte, Mont., Sept. 3.—Butte's first day of martial law was without disturbance. The Montana national guard occupied the courthouse and city hall. Headquarters of the state militia were established in the courthouse.

Orders were given soon after the militia moved into the business district to arrest leaders of the Butte Mine Workers' union, the organization formed to oppose the Western Federation of Miners. Four arrests were made, one of the men being James Chapman, chairman of the jurisdiction committee, and who acted as judge in the deportation of men who refused to join the new union. Chapman had cartridges in his pocket. Three others who were arrested carried revolvers.

Provost Marshal Conley searched the city for Muckie MacDonald, president of the union, but he could not be found. He is wanted on charges of inciting riots. The list of men who are wanted was said by Major Roote to be a long one.

On two sides of the courthouse two Gatling guns were placed in the streets. Two machine guns were placed on the roof of the courthouse also.

The Place For All.

"Nothing," says Robert Herrick, "irritates the thinking woman more than to be told that woman's place is in the home. She knows it. It is the man's place also, and she knows that."—Boston Globe.

RUSSIANS TROUNCE AUSTRIANS

Win Battle Lasting Seven Days.

CAPTURE 150 GUNS AND OTHER SUPPLIES

Czar's Forces Claim to Have Put Enemy to Rout.

Petrograd (St. Petersburg), Sept. 3.—The following official communication was issued by the Russian war office:

"After a battle lasting seven days the Russian army seized heavily fortified positions around Lemberg (capital of Galicia, in Austria-Hungary), about ten or twelve miles from the town. The Russian troops then advanced toward the principal forts.

"After a battle which was fiercely contested the Austrians were obliged to retreat in disorder, abandoning heavy and light guns, parks of artillery and field kitchens.

"Our advance guard and cavalry pursued the enemy, who suffered enormous losses in killed, wounded and prisoners.

"The Austrian army operating in the neighborhood of Lemberg was composed of the Third, Eleventh and Twelfth corps and part of the Seventh and Fourteenth corps. This army appears to have been completely defeated.

"During the pursuit by the Russian troops the Austrians, who beat a retreat from Guila Lipa, were forced to abandon an additional thirty-one guns.

"Our troops are moving over roads encumbered with parks of artillery and convoys loaded with provisions of various kinds.

"The total number of guns captured by the Russians around Lemberg amounts to 150."

BRITISH CAPTURE TEN GUNS

Cavalry Has Lively Engagement With Germans.

London, Sept. 3.—The official press bureau has issued the following statement:

"Continuous fighting has been in progress along almost the whole line of battle.

"The British cavalry engaged with distinction the cavalry of the enemy and brushed them back and captured ten guns.

"The French army has continued the offensive and gained ground in the Lorraine district. In other regions of the war the Russian army is investing Koenigsberg.

"The Russian victory, which is complete, at Lemberg, has been announced."

ONLY FOR HER PROTECTION

Steamship Adriatic Is Carrying Four Six-Inch Guns.

Washington, Sept. 3.—Collector Malone of the New York customs house telegraphed the treasury department additional information relating to the steamship Adriatic of the British naval reserve, which reached port there Saturday and is seeking to clear again.

Mr. Malone informed the department that the Adriatic had 7,000 tons of general cargo, only coal enough for the round trip, 180 nonmilitary passengers of both sexes and twelve seamen in her crew of the royal naval reserve. Aside from 200 rounds of ammunition for her four six-guns, carried for protection, Collector Malone said the Adriatic carried no munitions of war.

CANADIANS EAGER TO ENLIST

Dominion Militia Officials Are Being Overwhelmed.

Ottawa, Ont., Sept. 3.—Dominion militia officials are being overwhelmed by men eager to go to the front. The first call was for 25,000 volunteers, from which it was proposed to pick 21,000 to cross the Atlantic.

"There are 35,000 men in camp at Valcartier and more coming," Samuel Hughes, the minister of militia, said. "There are at least 6,000 men in camp who have never been ordered there. How did they get there? Well, I was told that they just came."

"I have not encouraged men to go to the front, but I do not intend to discourage them. They will go to the front eventually."

EARL OF GRANARD.

Commands Fifth Battalion of Royal Irish Regiment.

London, Sept. 3.—The Earl of Granard has been appointed in command of the Fifth battalion of the Royal Irish regiment and Baron Sempill in command of the Black Watch regiment of the new army.

The wife of the Earl of Granard was formerly Miss Beatrice Mills, daughter of Ogden Mills of New York.

TURKEY REPORTED TO HAVE DECLARED WAR

Ambassador at Washington Is Without Information.

Washington, Sept. 3.—With 600,000 veteran troops mobilized and ready for instant action Turkey has declared war on the allies. Authentic word to that effect was received here, it was said, on the highest authority.

The same authority declared the first move of the Turkish campaign will be directed simultaneously against Russia and England. A flying army will be sent into the Caucasus to strike the Russians on their flank and rear. The other army will go directly to Egypt, where it was said the Mohammedan troops of Great Britain will rally to the Turkish cause.

It was acknowledged at the Turkish embassy that news of the declaration of war was expected momentarily. M. Rustem Bey, Turkish ambassador, frankly acknowledged that he would not be surprised if war had been declared, but that he had not heard directly from Constantinople in days.

GENERAL BATTLE GOES ON

French Forces on the Left Are Yielding Ground.

Washington, Sept. 3.—A dispatch from Paris to the French ambassador gives the summary of a three-day battle along an extended front. It says: "Our troops press forward little by little in the Vosges. In the region of Ham, Vervins and St. Quentin the battle has been continuing for three days.

"In the center there has been alternate successes and checks and the general battle still goes on.

"On the left the French forces have had to yield ground, but they have remained unbroken."

In the north there are no signs of hostile troops at Arras, Lille, Bethune, Douai and Lens, according to an official announcement.

"Parts of several German army corps in Belgium," the statement continues, "are moving eastward into Germany."

The official statement adds: "In Lorraine our advance continues on the right bank of the Saone. In the south the situation is unchanged. In Upper Alsace the Germans appear to have left. Before Belfort there is only a thin curtain of troops."

"Another German cavalry corps has pushed on as far as the line from Soissons to Anizy Le Chateau. In the region of Reims and of the Meuse the enemy is inactive."

German Garrison Attempts Sortie.

London, Sept. 3.—A Petrograd special to the Reuter Telegram company says that the garrison of Koenigsburg, East Prussia, has made an unsuccessful attempt at a sortie.

To Remove Wounded From Paris.

London, Sept. 3.—A dispatch to the Chronicle from Paris states that orders have been issued for the removal of all wounded from Paris to Rennes and Nantes.

GERMANS PROTEST

Japs Are Landing Men in China.

CELESTIALS ARE TIMID

Peking Officials Do Not Wish to Offend Japanese.

Peking, Sept. 3.—The German legation has protested to the foreign office against an infringement of China's neutrality by Japan. The protest followed the landing of a Japanese division at the newly opened Chinese port of Lungkow, 100 miles north of Tsingtau.

News of the Japanese landing caused no surprise here as the Japanese legation several days ago requested the foreign office to remove the limit of the five kilometers (about thirty miles) radius prescribed by the Chinese as the fighting area around Tsingtau.

The foreign office did not comply with the request, but it was understood that the Chinese troops would be instructed not to oppose the Japanese.

The Chinese officials are described as incensed, but afraid of doing anything that might afford the Japanese a cause for territorial or other exactions.

Whether British forces will cross Shantung peninsula with the Japanese is not divulged, but the point is much discussed here.

JAPANESE LAND IN CHINA

No Formal Protest Has Been Lodged With United States.

Washington, Sept. 3.—Chinese officials have called the attention of American consular offices at Chefoo to the landing of several thousand troops by Japan on Chinese territory at Lungkow, near Haungghien. This, Chinese officials say, is a distinct violation of neutrality.

No formal protest has been lodged with the United States by China and American officials did not expect such action.

They anticipated, however, that Japan would take occasion to explain to this government that her purpose was not unfriendly to China.

MONTENEGRO TELLS OF WINNING BATTLE.

Cettinje, via London, Sept. 3.—Although numerically inferior the Montenegrins have defeated the Austrians near Bllek, in Bosnia. General Vokovich, according to the announcement, has taken the offensive and is marching on Tchainitch in pursuit of the Austrians.

FAIR FIELD AND NO FAVOR

Great Britain Explains Attitude on Neutrality.

Washington, Sept. 3.—Sir Cecil Spring-Rice, the British ambassador, talked over with President Wilson in general terms American neutrality in the European war.

The ambassador expressed the hope and desire of his government that none of the numerous questions of neutrality which might arise should affect friendly relations between Great Britain and the United States.

It was learned that the British diplomat feels confident that the American government will enforce neutrality impartially and in accordance with the most advanced thought on the duty of neutrals. He is understood to have explained that Britain desired only a fair field and no favor.

RUSSIANS NOT DEPRESSED

Doggedly Determined to Carry the Campaign Through.

London, Sept. 3.—A Reuter dispatch from Petrograd says that the battle which has been admitted as a reverse to the Russian troops in East Prussia was fought in Osterode, on the Soldau-Neidenburg-Osterode line.

"Public opinion," adds the dispatch, "is not one whit depressed by what is regarded as merely a temporary check to Russian progress in this quarter. Doggedly determined to carry the war through to an end the Russians do not admit the possibility of ultimate defeat."

GERMANS PROTEST

Japs Are Landing Men in China.

CELESTIALS ARE TIMID

Peking Officials Do Not Wish to Offend Japanese.

Peking, Sept. 3.—The German legation has protested to the foreign office against an infringement of China's neutrality by Japan. The protest followed the landing of a Japanese division at the newly opened Chinese port of Lungkow, 100 miles north of Tsingtau.

News of the Japanese landing caused no surprise here as the Japanese legation several days ago requested the foreign office to remove the limit of the fifty kilometers (about thirty miles) radius prescribed by the Chinese as the fighting area around Tsingtau.

The foreign office did not comply with the request, but it was understood that the Chinese troops would be instructed not to oppose the Japanese.

The Chinese officials are described as incensed, but afraid of doing anything that might afford the Japanese a cause for territorial or other exactions.

Whether British forces will cross Shantung peninsula with the Japanese is not divulged, but the point is much discussed here.

JAPANESE LAND IN CHINA

No Formal Protest Has Been Lodged With United States.

Washington, Sept. 3.—Chinese officials have called the attention of American consular offices at Chefoo to the landing of several thousand troops by Japan on Chinese territory at Lungkow, near Haungshien. This, Chinese officials say, is a distinct violation of neutrality.

No formal protest has been lodged with the United States by China and American officials did not expect such action.

They anticipated, however, that Japan would take occasion to explain to this government that her purpose was not unfriendly to China.

MONTENEGRO TELLS

OF WINNING BATTLE.

Cettinje, via London, Sept. 3.—Although numerically inferior the Montenegrins have defeated the Austrians near Bilek, in Bosnia. General Vokitch, according to the announcement, has taken the offensive and is marching on Tschinitch in pursuit of the Austrians.

FAIR FIELD AND NO FAVOR

Great Britain Explains Attitude on Neutrality.

Washington, Sept. 3.—Sir Cecil Spring-Rice, the British ambassador, talked over with President Wilson in general terms American neutrality in the European war.

The ambassador expressed the hope and desire of his government that none of the numerous questions of neutrality which might arise should affect friendly relations between Great Britain and the United States.

It was learned that the British diplomat feels confident that the American government will enforce neutrality impartially and in accordance with the most advanced thought on the duty of neutrals. He is understood to have explained that Britain desired only a fair field and no favor.

RUSSIANS NOT DEPRESSED

Doggedly Determined to Carry the Campaign Through.

London, Sept. 3.—A Reuter dispatch from Petrograd says that the battle which has been admitted as a reverse to the Russian troops in East Prussia was fought in Osterode, on the Soldau-Neldenburg-Osterode line.

"Public opinion," adds the dispatch, "is not one whit depressed by what is regarded as merely a temporary check to Russian progress in this quarter. Doggedly determined to carry the war through to an end the Russians do not admit the possibility of ultimate defeat."

THURSDAY, SEPTEMBER 3, 1914.

THE WEATHER

Temperature record taken at Gull lake dam by caretaker, Arthur L. Mampel.

September 2, maximum 64, minimum 49.

Crow Wing county is one of the 38 counties of the state that will be represented and have exhibit booths at the state fair next week, and one of the sixteen counties of the northern part of the state that has collected an exhibit that they are not ashamed to go before the mass of people that will view the same and compete for position in the excellence of that production.

According to the figures announced by the state auditor Minnesota is not only the greatest iron producing state in the Union but it produces more iron ore than all the other states combined. The report shows that in 1913 this state produced 62.37 per cent of all the iron mined in the United States, the total output for the latter last year was 61,980,437 long tons, an increase of nearly five million tons over the preceding year.

The Little Falls Transcript sums up the situation very aptly as follows: "Europe seeks to avenge the past. America seeks to promote her future. Europe is wasting her strength and resources. America is conserving hers. Europe is fettered to glorious traditions of the past. America holds steadfastly to those principles that will insure her future. Europe boasts of her proud ancestry. America's hope lies in her posterity. Europe is tearing down. America is building up. Europe's purpose is destructive. America's is constructive. Europe is laying the foundation for a race of cripples. America is developing a race of giants. Europe is for war. America is for peace—first, last and always."

OSSEPEE ITEMS

Miss Zella Burgoyne is spending a few days in Brainerd.

Lulu Durham was shopping in Brainerd between trains Wednesday.

Mr. and Mrs. Brown, Mr. and Mrs. Corey and Mrs. Whiting and children who have been spending some time at the lake near E. L. Youngs, returned to their homes in Minneapolis on Wednesday.

George Durham of Dubuque, Iowa, is visiting with Mrs. John Durham and Mr. and Mrs. S. R. Lougee, Mr. Durham will leave this week for Backus to visit with John Durham before returning to his home.

Miss Jennie Porter and Lawrence Koering of Brainerd spent Sunday with Mrs. Livin Lougee.

Charlie Van Horn and Julius Ritter who are employed at Camps farm were calling on friends around Ossepee last Sunday.

School began in Dist. 85 on Monday with Miss Ruth Anderson of Brainerd as teacher.

Mrs. John Borden, Miss Emma Borden and Charlie Borden and Miss Hoy Jeffries and friends visited with Mrs. A. C. Taylor last Thursday.

Notwithstanding the inclemency of the weather, the farmer's picnic given Sept. 1 was well attended. Besides the farmers and farmer's clubs being well represented a large number from Brainerd and neighboring towns were present.

A large display of farm products, such as fruits, rains and vegetables were exhibited. Prizes were given on numerous things, also a display of needlework, pennants and flowers were shown.

An unusually good program was rendered, both the music and singing were equally good. S. F. Alderman being called on to make some remarks also sang some selections which were much enjoyed.

MUSIC AND DRAMA

At the Columbia

Today and Friday see the Columbia with one of the best bills yet presented. Mary Pickford appears in a one-act play entitled "When We Were in Our 'Teens.'" This play was produced especially to please all the old folks and refresh their memory of days never to return. With "Little Mary" in the lead the play will please. The strong dramatic attraction is a play enacted on the snow capped Rockies entitled "Etienne of the Glad Heart." The Selig company have put the real goods into this play with a cast incomparable. Saturday only, an opportunity is given to view two aeroplanes in midair in real warfare.

Rheumatism Pains Stopped

The first application of Sloan's Liniment goes right to the painful part—it penetrates without rubbing—it stops the rheumatic pains around the joints and gives relief and comfort. Don't suffer! Get a bottle today! It is a family medicine for all pains, hurts, bruises, cuts, sore throat, neuralgia and chest pains. Prevents infection. Mr. Chas. H. Wentworth, California, writes: "It did wonders for my rheumatism, pain is gone as soon as I apply it. I recommended it to my friends as the best Liniment I ever used." Guaranteed. 25c at your Druggist.—Adv. 1ts

Won With Whips.

According to Herodotus, while the Scythians were away on a long campaign their slaves took the opportunity to rebel and seize all their masters' property. The latter on their return promptly attacked them, but were continually defeated until at last one of them hit on the brilliant idea of attacking the slaves with whips only. That, he said, would remind them of their origin and so cow them that they would never dare to stand. The Scythians followed his counsel, and it fell out as he had predicted. When the slaves beheld their masters riding down upon them flourishing the terrible knotted whips they knew so well they threw down their arms and fled.

THE STORE OF QUALITY

MUSIC AND DRAMA

At the Columbia

Today and Friday see the Columbia with one of the best bills yet presented. Mary Pickford appears in a one-act play entitled "When We Were in Our 'Teens.'" This play was produced especially to please all the old folks and refresh their memory of days never to return. With "Little Mary" in the lead the play will please. The strong dramatic attraction is a play enacted on the snow capped Rockies entitled "Etienne of the Glad Heart." The Selig company have put the real goods into this play with a cast incomparable. Saturday only, an opportunity is given to view two aeroplanes in midair in real warfare.

Rheumatism Pains Stopped

The first application of Sloan's Liniment goes right to the painful part—it penetrates without rubbing—it stops the rheumatic pains around the joints and gives relief and comfort. Don't suffer! Get a bottle today! It is a family medicine for all pains, hurts, bruises, cuts, sore throat, neuralgia and chest pains. Prevents infection. Mr. Olan H. Wentworth, California, writes:—"It did wonders for my rheumatism, pain is gone as soon as I apply it. I recommend it to my friends as the best Liniment I ever used." Guaranteed. 25c at your Druggist.—Adv. 115

TAKES EXCEPTION TO THE ARTICLE

County Attorney G. S. Swanson Says That in Interest of Justice No Information

CAN BE GIVEN AT PRESENT

Claimed the Article Belittled the Efforts and Work of His Department

In an interview today County Attorney G. S. Swanson took exception to an article in the Dispatch of September 2 relating to the query as to what had been accomplished by a detective working on the city hall robbery and Rappel murder case.

Mr. Swanson stated that in the interests of justice no statement could at present be made as to results attained by the investigation. It was not possible to at present reveal what had been accomplished.

He said the detective had been engaged on one other matter, as mentioned, being the investigation of a case on the range where one Blanche Jones was accused of selling liquor without a license.

The investigation of other so-called infractions of the law, as occurring on last Saturday, were not within the work laid out for the detective.

As a whole, Mr. Swanson claimed that the article had belittled the work done by his department and claimed it did him injustice.

At the proper time, said Mr. Swanson, a statement will be made regarding cases under investigation.

Notice

The notice signed by Ed. W. Wise, my husband, published in your paper yesterday, that I left my husband's bed and board Aug. 27, 1914, is absolutely false and he knows it to be false as well as many others.

Special to The Dispatch:—

Rome, Sept. 3.—The sacred college of cardinals today elected Cardinal Della Chiesa successor to Pope Pius X. The new pope will assume the name of Benedict XV.

BARROWS TO HAVE A RURAL ROUTE

H. A. Peterson Circulating Petition Among Farmers Already Has 54 Signers

CREAMERY MAY BE BUILT

Drills Active on all Sides of Town of Barrows Presages Establishment of New Mines

Barrows, Minn., Sept. 3.—C. B. Rowley, superintendent of the Barrows Mining company, was in town Monday and went out to inspect the company property.

Mr. and Mrs. R. C. Klinsberg motored to Pine River Sunday.

Theodore Dahljelm of the Barrows Realty Co. was in town Wednesday. Drilling is being done by the Barrows Mining company, Barrows-Mississippi Iron Co. and the Brainerd Mining Co. on the outskirts of town. William Seafeld, of the Seafeld Exploration Co., was in town Wednesday and looked after his drills in sections 16 and 9.

John Wahl and family who have been visiting here for the last week returned to Duluth on Wednesday. Grading on Barrows avenue is being done by Levi Bailey this week.

Mrs. G. R. Whitehouse, Mrs. Markus Grande, Mrs. H. A. Peterson and Mrs. C. B. Beck went berrying Tuesday and report a large find. The berry crop has been plentiful this season.

Mr. and Mrs. R. Hodge, of Crow Wing, were in town Wednesday on business.

E. L. Guinn was in town Tuesday. He has just finished haying and reports a splendid crop.

H. A. Peterson, who is circulating a petition among the farmers for a rural free delivery route out of Barrows has been very successful inasmuch as he already has 54 signers and prospects for as many more. All the farmers on the proposed route are very anxious to have this service as soon as possible as it means daily mail for them right to their door.

The farmers in the vicinity of Barrows are very enthusiastic over the prospects of a creamery being established at Barrows.

Fred Ott is cutting corn this week. Mrs. Bredine Peterson, mother of H. A. Peterson, is at Northwestern hospital in Brainerd.

GULL LAKE ROAD TO BE IMPROVED

Designated as State Road No. 7 by County Commissioners at Last Meeting

CRUSHED ROCK TO BE USED

Request is to be Made for Fifty Carloads of Such Rock from the St. Cloud Reformatory

The Gull lake road has been designated as State Road No. 7 by the county commissioners at their regular monthly meeting Tuesday. This is the main Gull lake road extending from the city limits to Nisswa, Pequot, Jenkins and intersecting the judicial highway of two counties east of Pine River.

A request has been made for 50 carloads of crushed rock from the St. Cloud reformatory. Work is to commence in April and several miles will be built next season. Commissioner Krech is jubilant over the outcome of the long struggle for road improvements.

The proposition was defeated two years ago because of the high cost of transporting the material necessary to comply with the specifications laid down by the state law. The big tractor and the train of dump cars now owned by the county offer a solution of the transportation problem.

DIED AT AGE OF 91

Joshua H. Gates, Respected Citizen of Daggett Brook, Passed Away Yesterday Afternoon

On September 2nd, 1914, occurred the death of Joshua H. Gates of Daggett Brook, at a ripe old age. He was born in Schoharie county, New York, August 4th, 1823, and as a young man came into western New York and was employed as a school teacher. In the early forties he married and moved west settling at Oshkosh, Wis. Here he was town superintendent of schools for some time.

In 1851 he and his brother-in-law, John Masters, came to St. Paul with their families and located on land near the village and stayed there until shortly before the war when they took up homesteads in Kandiyohi county near Green Lake. During the Indian outbreak of 1862 many of the settlers were killed and the remainder loaded up their belongings and fled to St. Cloud for safety, most of them returning after the trouble was over.

Here Mr. Gates became known throughout the country side as the pioneer schoolmaster.

In 1870 when the county was organized he was appointed county auditor and served until the next election when he was elected for county superintendent of schools, a position which he held many years.

Later he moved to North Branch, Minn., and engaged in potato raising, and then removed to Olivia in Renneville county. For the past ten years he has made his home most of the time with his son, B. H. Gates in this county.

The other surviving children are Miss Clara Gates of Aberdeen, S. D., and Mrs. Charlotte Garrison, wife of George Garrison of Oklahoma City.

He enjoyed good health until a month ago. Funeral services will be held at the Yeomen hall, Daggett Brook at 10 o'clock Friday morning, Rev. W. J. Lowrie officiating.

B. P. O. E.

Important meeting of Brainerd Lodge of Elks this evening, Sept. 3rd. Several matters of importance to come before the lodge. Initiation of a minister of the gospel, a lawyer, a professional athlete, a deputy sheriff and two knights of the grip and then some. Now boys, turn out tonight and show the officers that you are members of the order. A porter steak and a five dollar bill will be presented to every member present (in good standing.)

J. T. SANBORN, Exalted Ruler.

FRED PARKER, Tyler.

GEO. WEAVER, Secretary.

SEED CORN WEEK FROM SEPT. 14-19

Governor Eberhart Issues Proclamation Designating "Seed Corn Week" in Minnesota

THE STATE FARM BULLETIN

The Importance of Gathering Seed Corn From the Growing Stalks Instead of Bins

So important is the seed corn movement regarded that Governor A. O. Eberhart has issued a proclamation designating September 14 to 19 to be "Seed Corn Week" throughout the state. He urges every corn grower on at least one of the days designated, to go out into his fields and select grain from the best ears and sturdiest stalks to be laid aside for seed next spring after the plan outlined in the Extension bulletin which may be obtained from the University Farm, St. Paul.

To promote interest in the movement for a larger corn crop, September 14 to 19 has been set apart as "Seed Corn Week" in Minnesota. This is the fifth year since the movement to select seed corn was begun, but there still are some farmers in the state who follow the old methods. A. D. Wilson, director of the extension division at the college of agriculture is in charge of the campaign. He has asked the assistance of every one in boosting for bigger corn crops next year.

By reading the special bulletin which is being circulated from the Extension department of the University farm at St. Paul, the farmer will learn the importance of gathering his seed corn for next spring from the growing stalks instead of taking it at random from the bin. The bulletin explains how to select the seed corn and how to cure it.

The farmers who have heretofore averaged from 25 to 26 bushels of corn per acre have been losing money steadily each year without knowing it. The average yield per acre in Minnesota last year was 40 bushels to the acre, and any farmer who wants to increase his harvest to that extent may do so by exercising a little forethought, and taking into consideration the plans outlined in the "Seed Corn Week" literature.

For Sale

House and three lots on 9th St. directly across the street facing the Catholic church—\$2500. Must sell at once. Inquire Geo. H. Gardner.

HOW DOES THIS SOUND

A New Idea in Hotels Incorporates No Charge for Wives With Husbands, No Bell Hops, Etc.

Tipping is taboo at the new 264 room Stowell hotel, Nos. 416 and 418 South Spring street, Los Angeles, which has been opened to the public for inspection, says the Los Angeles Times. The new house is introduced several innovations in hotel managements, according to an exchange.

No bell hops will be employed at the hotel. Each of the eleven floors has a women room clerk, a Japanese janitor and a full corps of workers. The mail, keys and all other services are handled through the individual floor clerks.

When a guest arrives he is assisted into the elevator. The clerk on the floor to which has been assigned is notified over the telephone and a servant is waiting to take his baggage when he arrives at his floor.

There will be no extra charge for a wife. An extra charge is made only when a room is occupied by two men. The price of each room is posted on the wall so that patrons may know that rates are the same to all. The prices of rooms with bath are from \$1.50 to \$5.

A printed notice is posted in each room that salaries are paid to employees and that they are forbidden to receive tips.

The bedrooms have special equipment in the way of running ice water and a vending machine which supplies for twenty-five cents each these articles: Tooth brush, tooth powder, cold cream, talc powder, shaving soap and safety razor.

Drinks are served to women in the Pompeian room. Men unattended by women are not permitted in the room.

A Japanese Corner

Four hundred tons of potatoes forming an important part of the cargo of the steamship Governor when she sailed for San Francisco from Seattle, the tubers having been bought by San Francisco commission men to break the corner held on the California supply by a Japanese who is said to control the market south of Portland. The influx of San Francisco buyers sent the prices up from \$22 to \$45 a ton, but the market eased and retailers were able to get adequate supplies at \$40 a ton. "Zumalweiss" grain belt beers have no skyrocket prices and taste best of any. J. O. Nelson, Tel. 179-J.

For Sale Cheap—Used automobile. Just the thing for hunting and fishing. 310 S. 6th St. —Advt. 501f

Our new fall millinery has been received and we are now ready to show our friends the newest styles in millinery. You've seen the new hats sketched in your fashion magazine; you may now have the privilege of trying these hats on and see how splendidly they are adapted to your wear.

Our policy for this season will be to show you the choicest styles in millinery at prices which are most popular.

Miss Bertha Peterson, of Ottumwa, Iowa, will have charge of this department of our store and we invite our friends to make her acquaintance.

"MICHAEL'S"

More New Waists

We have replenished our waist section with the new vogue in waists. These have the new sleeves all made of the new materials and of silk Crepe de Chines. They are most popularly priced.

The 98c Waists

We have added some unusual values to our 98c waist counter. We never add a waist to this lot which is not worth at least \$1.25 and most of them are \$1.35 and \$1.50 values. It will pay you exceedingly well to watch this counter carefully.

"MICHAEL'S"

IRONTON WINS OVER WOODROW

Score of Last Sunday was 10 to 4 in Favor of the Ironton Baseball Team

A NUMEROUS CROP OF ERRORS

Fort Ripley Will Play at Woodrow Sunday, September 6, Probably Last Game of Season

Woodrow, Minn., Sept. 3.—Woodrow played Ironton last Sunday with a patched up team and they were defeated 10 to 4. Both teams played out of form, errors being numerous on both sides. Both Novotny and Paulson were batted hard. Novotny got five strikeouts and Paulson three.

Fort Ripley will play at Woodrow on Sunday, Sept. 6. This is undoubtedly the last game of the season for the Woodrow team and a large crowd is expected to be out to see the Woodrow boys in action for the last time this year. The rooting of Fred Hanna and Arthur Dulum will as usual be a feature.

F. G. Cannon has announced that Woodrow is willing to play the Malm ball team for \$100. "The Malm ball players," said Mr. Cannon, "are peeved over the outcome of the sporting events at Midland on July 4th, and are out for revenge, sending a challenge to Woodrow. The Woodrow team is willing to play them any Sunday in September at Midland for \$100."

Rapid progress is being made at the Wilcox mine of the Canadian-Cuyuna Ore Co., and drifting will soon commence.

Supt. and Mrs. Mackay went to Minneapolis on an auto tour.

Cheerful.

A certain philosopher used to thank his lucky stars when he had the gout that it was not the toothache, and when he had the toothache he gave thanks because he had not both complaints at once.

A Wonder.

Gramercy—What do you think of a man who can deceive his wife? Park—I think he's a wonder.—Club Fellow.

Notice of Application to Adopt

Whereas, Charles F. McCarthy and Sarah V. McCarthy have petitioned the District Court in and for Crow Wing County, Minnesota, for a decree of adoption of one Mary Margaret McCarthy, a female child of the age of between two and three years, and it appearing by said petition that the parents of said child have abandoned said child and cannot be found; that said child has no Guardian and no known next of kin residing in the State of Minnesota.

Notice is hereby given, that a hearing on said petition will be held at the Chambers of said Court in the City of Brainerd, in said Crow Wing County, Minnesota, on the 19th day of October, 1914, at 10 o'clock in the forenoon, and it is hereby ordered, That three (3) weeks' notice of said hearing be given by the publication in the Brainerd Daily Dispatch, the last publication to be at least ten (10) days before the time set therefor.

W. S. McLENNAN, District Judge. Dated August 26th, 1914. M. E. RYAN, Esq., Attorney for Petitioners, Brainerd, Minnesota. D Au 27-3-10.

FRIDAY & SATURDAY

"The Universal Boy"

An Exclusive Feature

Never before has a boy passed through the experiences that this little fellow is going through at the present time. He is meeting and visiting with people that other boys—and many grown-ups—would give their eye teeth to even get in speaking distance of. And while Matty enjoys it all highly, he takes it as a matter of course; it is all a part of the play he is appearing in, and that is what interests him most. A short time ago Matty accompanied his father up to the New York Polo grounds. When the New York Giants were warming up, Matty walked out into the field, and bailed the world's most famous baseball club manager, John McGraw. He laughed and joked with him and all the time the Universal's camera clicked away, taking the scene that was to be a part, later, in the first of the great "Universal Boy" series. Then Matty joined Jimmy Ford, the mascot of the Giants and played ball with him. Returning to town, he encountered Miss Annette Kellermann, the beautiful water queen, and, all in one day.

SEED CORN WEEK FROM SEPT. 14-19

Governor Eberhart Issues Proclamation Designating "Seed Corn Week" in Minnesota

THE STATE FARM BULLETIN

The Importance of Gathering Seed Corn from the Growing Stalks Instead of Bins

So important is the seed corn movement regarded that Governor A. O. Eberhart has issued a proclamation declaring September 14 to 19 to be "Seed Corn Week" throughout the state. He urges every corn grower on at least one of the days designated, to go out into his fields and select grain from the best ears and sturdiest stalks to be laid aside for seed next spring after the plan outlined in the Extension bulletin which may be obtained from the University Farm, St. Paul.

To promote interest in the movement for a larger corn crop, September 14 to 19 has been set apart as "Seed Corn Week" in Minnesota. This is the fifth year since the movement to select seed corn was begun, but there still are some farmers in the state who follow the old methods. A. D. Wilson, director of the extension division at the college of agriculture is in charge of the campaign. He has asked the assistance of every one in boosting for bigger corn crops next year.

By reading the special bulletin which is being circulated from the Extension department of the University farm at St. Paul, the farmer will learn the importance of gathering his seed corn for next spring from the growing stalks instead of taking it at random from the bin. The bulletin explains how to select the seed corn and how to cure it.

The farmers who have heretofore averaged from 25 to 26 bushels of corn per acre have been losing money steadily each year without knowing it. The average yield per acre in Minnesota last year was 40 bushels to the acre, and any farmer who wants to increase his harvest to that extent may do so by exercising a little forethought, and taking into consideration the plans outlined in the "Seed Corn Week" literature.

For Sale

House and three lots on 9th St. directly across the street facing the Catholic church—\$2500. Must sell at once. Inquire Geo. H. Gardner.

HOW DOES THIS SOUND

A New Idea in Hotels Incorporates No Charge for Wives With Husbands, No Bell Hops, Etc.

Tipping is taboo at the new 264 room Stowell hotel, Nos. 416 and 418 South Spring street, Los Angeles, which has been opened to the public for inspection, says the Los Angeles Times. The new house is introducing several innovations in hotel management, according to an exchange.

No bell hops will be employed at the hotel. Each of the eleven floors has a women room clerk, a Japanese janitor and a full corps of workers. The mail, keys and all other services are handled through the individual floor clerks.

When a guest arrives he is assisted into the elevator. The clerk on the floor to which has been assigned is notified over the telephone and a servant is waiting to take his baggage when he arrives at his floor.

There will be no extra charge for a wife. An extra charge is made only when a room is occupied by two men. The price of each room is posted on the wall so that patrons may know that rates are the same to all. The prices of rooms with bath are from \$1.50 to \$5.

A printed notice is posted in each room that salaries are paid to employees and that they are forbidden to receive tips.

The bedrooms have special equipment in the way of running ice water and a vending machine which supplies for twenty-five cents each these articles: Tooth brush, tooth powder, cold cream, talc powder, shaving soap and safety razor.

Drinks are served to women in the Pompeian room. Men unattended by women are not permitted in the room.

A Japanese Corner

Four hundred tons of potatoes forming an important part of the cargo of the steamship Governor when she sailed for San Francisco from Seattle, the tubers having been bought by San Francisco commission men to break the corner held on the California supply by a Japanese who is said to control the market south of Portland. The influx of San Francisco buyers sent the prices up from \$22 to \$45 a ton, but the market eased and retailers were able to get adequate supplies at \$40 a ton. "Zumalweiss" grain belt beers have no skyrocket prices and taste best of any. J. O. Nelson, Tel. 179-J.

For Sale Cheap—Used automobile. Just the thing for hunting and fishing. 310 S. 6th St. —Adv.

Our new fall millinery has been received and we are now ready to show our friends the newest styles in millinery. You've seen the new hats sketched in your fashion magazine; you may now have the privilege of trying these hats on and see how splendidly they are adapted to your wear.

Our policy for this season will be to show you the choicest styles in millinery at prices which are most popular.

Miss Bertha Peterson, of Ottumwa, Iowa, will have charge of this department of our store and we invite our friends to make her acquaintance.

"MICHAEL'S"

More New Waists

We have replenished our waist section with the new vogue in waists. These have the new sleeves an made of the new materials and of silk Crepe de Chines. They are most popularly priced.

The 98c Waists

We have added some unusual values to our 98c waist counter. We never add a waist to this lot which is not worth at least \$1.25 and most of them are \$1.35 and \$1.50 values. T'will pay you exceedingly well to watch this counter carefully.

IRONTON WINS OVER WOODROW

Score of Last Sunday was 10 to 4 in Favor of the Ironton Baseball Team

A NUMEROUS CROP OF ERRORS

Fort Ripley Will Play at Woodrow Sunday, September 6, Probably Last Game of Season

Woodrow, Minn., Sept. 3.—Woodrow played Ironton last Sunday with a patched up team and they were defeated 10 to 4. Both teams played out of form, errors being numerous on both sides. Both Novotny and Paulson were batted hard. Novotny got five strikeouts and Paulson three. Fort Ripley will play at Woodrow on Sunday, Sept. 6. This is undoubtedly the last game of the season for the Woodrow team and a large crowd is expected to be out to see the Woodrow boys in action for the last time this year. The rooting of Fred Hanna and Arthur Dulum was as usual a feature.

F. G. Cannon has announced that Woodrow is willing to play the Malm ball team for \$100. "The Malm ball players," said Mr. Cannon, "are peeved over the outcome of the sporting events at Midland on July 4th, and are out for revenge, sending a challenge to Woodrow. The Woodrow team is willing to play them any Sunday in September at Midland for \$100."

Rapid progress is being made at the Wilcox mine of the Canadian-Cuyuna Ore Co., and drifting will soon commence.

Supt. and Mrs. Mackay went to Minneapolis on an auto tour.

Cherful.

A certain cherful used to thank his lucky stars when he had the gout that it was not the toothache, and when he had the toothache he gave thanks because he had not both complaints at once.

A Wonder.

Gramercy—What do you think of a man who can deceive his wife? Park—I think he's a wonder.—Club Fellow.

Notice of Application to Adopt

Whereas, Charles F. McCarthy and Sarah V. McCarthy have petitioned the District Court in and for Crow Wing County, Minnesota for a decree of adoption of one Mary Magdalene McCarthy, a female child of the age of between two and three years, and it appearing by said petition that the parents of said child have abandoned said child and cannot be found; that said child has no Guardian and no known next of kin residing in the State of Minnesota.

Notice is hereby given. That a hearing on said petition will be held at the Chambers of said Court in the City of Brainerd, in said Crow Wing County, Minnesota, on the 10th day of October, 1914, at 10 o'clock in the fore noon, and it is hereby ordered, That three (3) weeks' notice of said hearing be given by the publication in the Brainerd Daily Dispatch, the last publication to be at least ten (10) days before the time set therefor.

W. S. McLENNAN, District Judge.

Dated August 26th, 1914.

M. E. RYAN, Esq., Attorney for Petitioners, Brainerd, Minnesota.

Be Sure and See "The Dupe"

Elair Two Reel Story

Tom Roberts, the hero of this modern-day drama, knew quite a bit about business. With a newly-inherited fortune, he was not to be caught with old methods, old ways. The dishonest fellow who was after his money knew this; he threw out two lines for Tom, and where one failed, the other took. You cannot afford to miss this play—it's vivid in every essential and it is going to point out a lot of things you never knew before.

A Great Picture of Absorbing Interest

Two Big Days For The Kids FRIDAY & SATURDAY

"The Universal Boy"

An Exclusive Feature

Never before has a boy passed through the experiences that this little fellow is going through at the present time. He is meeting and visiting with people that other boys—and many grown-ups—would give their eye teeth to even get in speaking distance of. And while Matty enjoys it all highly, he takes it as a matter of course; it is all a part of the play he is appearing in, and that is what interests him most. A short time ago Matty accompanied his father up to the New York Polo grounds. When the New York Giants were warming up, Matty walked out into the field, and hailed the world's most famous baseball club manager, John McGraw. He laughed and joked with him and all the time the Universal's camera clicked away, taking the scene that was to be a part, later, in the first of the great "Universal Boy" series. Then Matty joined Jimmy Ford, the mascot of the Giants and played ball with him. Returning to town, he encountered Miss Annette Kellermann, the beautiful water queen, and, all in one day.

CASH AVAILABLE FOR PRODUCERS

Bill Would Exchange Warehouse Receipts For Money.

INCLUDES MANY PRODUCTS.

Cotton, Tobacco, Wheat, Corn, Salmon and Other Articles Would Be Equivalent to Cash—Congress Has Remained in Session During One of Hottest Summers Washington Has Known.

By ARTHUR W. DUNN.

Washington, Sept. 3.—[Special.]—Recent events in the United States senate reminded me of the old Populist days, when members of that organization clamored for subtreasuries which would in reality be national warehouses.

The advocates of more money insisted that all products of the farm, whether cotton, tobacco, wheat, corn, oats or vegetables, should be the basis of currency. They insisted that congress should pass a law establishing these warehouses and that when farmers deposited their products in the warehouses they should receive a warehouse receipt which in turn could be turned into money.

Now It's an Emergency.

All this came about on account of the European war and the emergency legislation that has been proposed. Senator Hoke Smith of Georgia had a bill which would make cotton warehouse receipts good for money. This was for the purpose of relieving an onerous situation in the cotton states as that staple has long been considered equivalent to cash. Then some one from tobacco producing states tacked on an amendment providing that tobacco should be in the same category. Senator Gronna of North Dakota proposed an amendment which would include wheat and other cereals.

The Lid Was Off.

That took off the lid. Senator Lane of Oregon made a fervent plea for including salmon of the Pacific coast. He said that salmon was of as much importance to the people of the northwest as cotton and tobacco were to the people of the south. Incidentally he told the senate a great deal about the different varieties of salmon which was not generally known. There was the celebrated Chinook and the steel head of the Columbia river, the silver head of Puget sound, the king salmon, the Quinault and a number of others of Alaska.

Senator Martine of New Jersey jumped in with one of his intense speeches, denouncing tobacco as being a filthy weed, but demanding that New Jersey "apple jack" should be included in the products which were to be favored by national legislation.

All of which goes to show that emergencies create strange conditions.

The Hottest Summer.

It may not be generally known to the people outside of Washington, but this city has suffered more from hot weather this summer than any that has been known for years. While the heat has not been so intense for short times on other occasions, it has been continuous. And congress has sweated through it all.

Absence of the Word "Gold."

In the bill which has been reported by Senator Bryan of Florida providing for government aid for building roads there is an omission which will cause considerable debate. This bill is based upon the Bourne plan, so called on account of having been worked out by former Senator Jonathan Bourne of Oregon, and purposes to issue half a billion United States bonds at 3 per cent, the money to be loaned to the states which shall deposit bonds of 4 per cent, and this money to be used for the construction of roads. These 3 per cent bonds are to be payable in coin at the end of fifty years. The omission of the word "gold" before coin is apt to raise some question which will recall the old time money debates when bimetalism was an issue.

Fighting It Out in the Record.

Members of congress from Washington state seem to take great delight in fighting out their troubles in the Congressional Record. First one and then another of the members of the house from that state will take advantage of "leave to print" or of the liberality of debate, to air their grievances and make their political campaigns in this much abused publication. There is no choice between the two different elements that are engaged in these battles, for both sides take advantage of the Record to carry on the personal controversies that relate only to congressional districts and to the politics of the state and Puget sound.

Safety Appliance Law.

Efforts are being made to increase the safety appliances by legislation. I remember how one safety appliance act was passed. The late Senator Elkins came into the senate one day, introduced a bill for safety in the transportation of explosives, had it reported and passed the next day, followed it over to the house and had it put through in the quickest possible time. "I woke up the other morning in a railroad yard," said Elkins, "and there was a car of dynamite being shifted back and forth on the sidetracks near my sleeper. A little later I saw them unloading dynamite from another car, pushing it out as if it were cast iron. That's why I am passing this bill."

A Woman's Clothes.

And a woman's clothes are always on her mind—even when on her back.—Chicago News.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it to be a constitutional disease. Therefore requires constitutional treatment.

Dr. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case that fails to cure. Send for circulars and testimonials.

Address, F. J. Cheney & Co., Toledo, O. Send for circulars and testimonials.

EYES TROUBLE YOU?

TRY THIS SIMPLE RECEIPT.

We all know some home remedy for our minor troubles, and by the use of these remedies many a doctor's bill is saved and doubtless many a life.

How few know what to do when their eyes become tired and ache, or feel dry and inflamed from abuse and overuse? In the morning your eyes feel rough or sticky, or they trouble you at night. What do you do? Most of us rush off and get glasses (perhaps at some cheap store where no skill is used in fitting our eyes), which we very often do not need at all. Thousands are wearing mist or unnecessary glasses which they might better discard and other thousands can, with a little care, probably never be necessary. Here is a free receipt that may be relied upon to give comfort and to help the eyes of some people; it is harmless and has the enthusiastic endorsement of thousands who have used it.

5 Grains Optona (1 tablet).
2 Ounces Water.

Use as an eye wash night and morning, or oftener if possible. It makes most eyes feel fine, quickly allays irritation, brightens the eyes and sharpens the vision. Many who have used it no longer feel the need of glasses; many others have ceased to fear them. Get the Optona tablets from your nearest druggist and prepare the solution at your own home.

YOUR JOB IS A LONELY ONE

IT WOULD BE IF I DIDN'T HAVE THE REAL TOBACCO CHEW

THE NIGHT WATCHMAN THROWS LIGHT ON THE SUBJECT

DON'T take a big chew. Just a nibble will satisfy you, because "Right-Cut" is the Real Tobacco Chew. Taste it, smell it—see how different it is from ordinary tobacco.

By the time you've used up half a pouch you'll be telling your friends about it, same as the men you hear talking about it now.

Pure, rich, sappy tobacco—seasoned and sweetened just enough.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short, so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

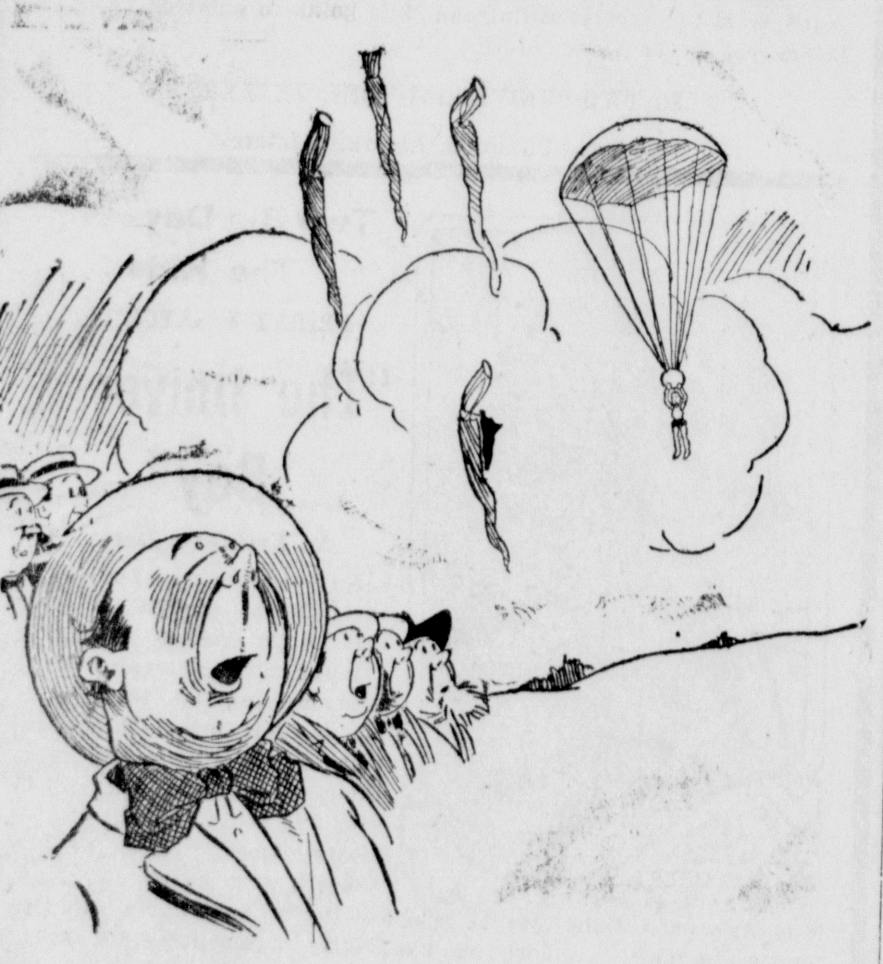

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.

The Cheerful Life

It is the right of everyone to live and enjoy the cheerful life. We owe it to ourselves and those who live with us to live the cheerful life. We cannot do so if ill health takes hold of us.

The wife, mother and daughter suffering from hot flashes, nervousness, headache, backache, dragging-down feeling, or any other weakness due to disorders or irregularities of the delicate female organs—is not only a burden to herself, but to her loved ones.

There is a remedy. Forty years experience has proven unmistakably that

DR. PIERCE'S Favorite Prescription

will restore health to weakened womanhood. For 40 years it has survived prejudice, envy and malice. Sold by dealers in medicine in liquid or tablet form. Dr. Pierce's Favorite Prescription Tablets can be had of druggist or mailed on receipt of one-cent stamp—for \$1.00 or 5-cent size. Address Dr. V. Pierce, M. D., Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, dry granules.

Take Advantage Of This Money Saving Plan Now

Our direct from the mines to you plan has cut coal bills in two for thousands.

We ship to you direct from our mines near Vincennes, Indiana. You save in first cost—and you have no heavy expenses in long costly freight hauls from the Eastern coal mines.

TECUMSEH COAL

In Carload Lots—With B. T. U.'s Guaranteed

Splendid coal. Guaranteed to prove out 12,000 B. T. U.'s per coal pound, with only 9 per cent ash and 9 per cent moisture.

If you cannot use an entire carload, adopt the plan that hundreds have found advantageous—get your neighbors to join you on the order, and split the carload among yourselves.

We guarantee delivery at the time specified. Save from \$50 to \$100 on your winter's coal supply. Get your order in NOW.

CASH AVAILABLE FOR PRODUCERS

Bill Would Exchange Warehouse Receipts For Money.

INCLUDES MANY PRODUCTS.

Cotton, Tobacco, Wheat, Corn, Salmon and Other Articles Would Be Equivalent to Cash—Congress Has Remained in Session During One of Hottest Summers Washington Has Known.

By ARTHUR W. DUNN.

Washington, Sept. 3.—(Special.)—Recent events in the United States senate reminded me of the old Populist days, when members of that organization clamored for subtreasuries which would in reality be national warehouses.

The advocates of more money insisted that all products of the farm, whether cotton, tobacco, wheat, corn, oats or vegetables, should be the basis of currency. They insisted that congress should pass a law establishing these warehouses and that when farmers deposited their products in the warehouses they should receive a warehouse receipt which in turn could be turned into money.

Now it's an Emergency.

All this came about on account of the European war and the emergency legislation that has been proposed. Senator Hoke Smith of Georgia had a bill which would make cotton warehouse receipts good for money. This was for the purpose of relieving an onerous situation in the cotton states as that staple has long been considered equivalent to cash. Then some one from tobacco producing states tacked on an amendment providing that tobacco should be in the same category. Senator Gronna of North Dakota proposed an amendment which would include wheat and other cereals.

The Lid Was Off.

That took off the lid. Senator Lane of Oregon made a fervent plea for including salmon of the Pacific coast. He said that salmon was of as much importance to the people of the northwest as cotton and tobacco were to the people of the south. Incidentally he told the senate a great deal about the different varieties of salmon which was not generally known. There was the celebrated Chinook and the steel head of the Columbia river, the silver head of Puget sound, the king salmon, the Quinault and a number of others of Alaska.

Senator Martine of New Jersey jumped in with one of his intense speeches, denouncing tobacco as being a filthy weed, but demanding that New Jersey "apple jack" should be included in the products which were to be favored by national legislation.

All of which goes to show that emergencies create strange conditions.

The Hottest Summer.

It may not be generally known to the people outside of Washington, but this city has suffered more from hot weather this summer than from hot weather has been known for years. While the heat has not been so intense for short times on other occasions, it has been continuous. And congress has sweltered through it all.

Absence of the Word "Gold."

In the bill which has been reported by Senator Bryan of Florida providing for government aid for building roads there is an omission which will cause considerable debate. This bill is based upon the Bourne plan, so called on account of having been worked out by former Senator Jonathan Bourne of Oregon, and purposes to issue half a billion United States bonds at 3 per cent, the money to be loaned to the states which shall deposit bonds of 4 per cent, and this money to be used for the construction of roads. These 3 per cent bonds are to be payable in coin at the end of fifty years. The omission of the word "gold" before coin is apt to raise some question which will recall the old time money debates when bimetalism was an issue.

Fighting It Out in the Record.

Members of congress from Washington state seem to take great delight in fighting out their troubles in the Congressional Record. First one and then another of the members of the house from that state will take advantage of "leave to print" or of the liberality of debate to air their grievances and make their political campaigns in this much abused publication. There is no choice between the two different elements that are engaged in these battles, for both sides take advantage of the Record to carry on the personal controversies that relate only to congressional districts and to the politics of the state and Puget sound.

Safety Appliance Law.

Efforts are being made to increase the safety appliances by legislation. I remember how one safety appliance act was passed. The late Senator Elkins came into the senate one day, introduced a bill for safety in the transportation of explosives, had it reported and passed the next day, followed it over to the house and had it put through in the quickest possible time. "I woke up the other morning in a railroad yard," said Elkins, "and there was a car of dynamite being shifted back and forth on the sidetracks near my sleeper. A little later I saw them unloading dynamite from another car, pushing it out as if it were cast iron. That's why I am passing this bill."

FOR SALE

Two lots, 25x150 on the south side located just between the mine and the business district. All level and good shade. Price \$100.00 each. Terms \$25.00 down, balance \$10.00 per month.

A Woman's Clothes.

And a woman's clothes are always on her mind—even when on her back.—Chicago News.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any catarrh to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists. Take Hall's Catarrh Pills for constipation.

EYES TROUBLE YOU?

TRY THIS SIMPLE RECEIPT.

We all know some home remedy for our minor troubles, and by the use of these remedies many a man's bill is saved and doubtless many a life.

How few know what to do when their eyes become tired and ache, or feel dry and inflamed from abuse and overuse? In the morning your eyes feel rough or sticky, or they trouble you when you read. What do you do? Most of us rush off and get glasses (perhaps at some cheap store where no skill is used in fitting our eyes, which we very often do not need at all. Thousands are wearing mist or unnecessary glasses which they might better discard and other thousands can, with a little care, probably so strengthen their eyes that glasses might never be necessary. Here is a free receipt that may be relied upon to give comfort and to help the eyes of some people. It is harmless and has the enthusiastic endorsement of thousands who have used it:

5 Grains Opton (1 tablet).

2 Ounces Water.

Use as an eye wash night and morning, or oftener if possible. It makes most eyes feel fine, quickly allays irritation, brightens the eyes and sharpens the vision. Many who have used it no longer feel the need of glasses; many others have ceased to fear that they will lose the ability to wear them. Get the Opton tablets from your nearest druggist and prepare the solution in your own home.

THOUGH YOU ESCAPE

WITH YOUR LIFE
If fire occurs at your place, you will not find it sweet if the flames leave you penniless. All your remaining days will be filled with regret that you hadn't taken out insurance when you could. Fire is just as likely to happen to you as to anybody else. Be wise and have us insure you today. Then fire will not spell ruin for you.

J. R. SMITH, Agent
Telephone 174 Sleeper Block

THE NIGHT WATCHMAN THROWS LIGHT ON THE SUBJECT

DON'T take a big chew. Just a nibble will satisfy you, because "Right-Cut" is the Real Tobacco Chew.

Taste it, smell it—see how different it is from ordinary tobacco.

By the time you've used up half a pouch you'll be telling your friends about it, same as the men you hear talking about it now.

Pure, rich, sappy tobacco—seasoned and sweetened just enough.

Take a very small chew—less than one-quarter of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.
